

# 2015 Landscape & Grounds Maintenance Short Course

Kenosha County Center  
19600 75th Street, Bristol, WI

## Wednesday, February 4, 8:30-11:30 am

**Diagnosing Plant Diseases**, *Dr. Brian Hudelson, Plant Disease Diagnostic Clinic Director, UW-Extension*

- Learn more about the process of plant disease diagnosis.
- Discover techniques that can aid in diagnosing plant diseases.
- Learn diseases that are easy to diagnose in the field.

**Sustainable Landscape Design**, *Jay Gehler, ASLA, Landscape Architect and Project Manager, Agrecol LLC*

- Learn green infrastructure and gray infrastructure best management practices.
- Find out what ecosystem services are and why are they critical to our environment.
- View the landscape design process from a sustainability focal point.
- Learn how to bring these concepts together to create aesthetically pleasing, sustainable landscape designs.

## Wednesday, February 11, 8:30-11:30 am

**Lawn Seeding for Success: seeds, coatings and establishment techniques for getting results**,

*Dr. Doug Soldat, Turfgrass and Urban Soils Specialist, UW-Extension*

- Understand the advantages and disadvantages of the major cool-season grass species.
- Learn how to evaluate the quality of seed mixtures and blends, including the newer trend of seed coatings.
- Understand how establishment techniques including fertilization, soil amendments, mulching, and herbicides affect seeding success.

**Knowing Your Insect Control Options for Trees and Shrubs**, *P. J. Liesch, M.S., Diagnostician, UW-Madison Insect Diagnostic Lab*

- Identify the main groups of insect pests commonly found on trees and shrubs.
- Understand the management options for the common tree and shrub insects.
- Learn about the latest management options for the emerald ash borer.

## Wednesday, February 18, 8:30-11:30 am

**CSI Turfgrass: deciphering what killed the lawn and what can be done to prevent it**, *Dr. Paul Koch, Turfgrass Plant Pathology Specialist, UW-Extension*

- Identify the most common biotic (insect, fungal disease, etc.) and abiotic (drought, soil compaction, etc.) agents present in Wisconsin lawns.
- Identify the key differences between biotic and abiotic caused symptoms.
- Be able to prevent and/or manage the most common ailments of Wisconsin lawns in an environmentally sensitive manner.

**The Big Chill: cold hardiness and winter injury**, *Dr. Laura Jull, Woody Ornamentals Specialist, UW-Extension*

- Understand the mechanisms of how plants acclimate to freezing temperatures.
- Identify winter injury and methods to prevent winter injury.
- Learn examples of very cold hardy plants.

## Wednesday, February 25, 8:30-11:30 am

**Wildlife Management in Human Dominated Landscapes**, *Dr. David Drake, Wildlife Specialist, UW-Extension*

- Understand the principles of urban wildlife.
- Learn how to manage habitat to benefit wildlife living in urbanized areas .
- Identify ways to manage wildlife damage in urbanized areas.

# 2015 Landscape & Grounds Maintenance Short Course

Kenosha County Center  
19600 75th Street, Bristol, WI

*77% of last year's attendees rated the value of this course higher or much higher than other landscape and grounds maintenance educational programs.*

Join other horticulture professionals in learning the latest science-based information.

The registration fee for all four sessions is \$55 per person. *Save \$5 per person if 3 or more attend from the same company.* If you are interested in attending single sessions, the fee is \$20 per session.

Online registration and credit card payment are available at <http://kenosha.uwex.edu>. When paying by credit card a convenience fee is charged.

If you have any questions, please contact Barb Larson or Patti Nagai.

Sincerely,

Barb Larson  
Horticulture Educator  
Kenosha County  
262-857-1945  
<http://kenosha.uwex.edu>

Dr. Patti Nagai  
Horticulture Educator  
Racine County  
262-767-2929  
<http://racine.uwex.edu>

To insure equal access, please make requests for reasonable accommodations as soon as possible prior to the scheduled program, service or activity. If you need this material in another format please contact the program coordinator. The University of Wisconsin-Extension provides equal opportunity in employment and programming, including Title IX & ADA requirements
